Varied local activities

We love sports and exercise. That's why we also offer our guests plenty of opportunity to get active in the great outdoors with a wide range of activities.

A forest full of possibilities. Ideas for your social program.

From experience, we know that a social program specially tailored to the guests is ideal for corporate events. In the idyllic Black Forest surrounded by restful nature, there's a host of experiences on offer. A relaxed hike, for example, or mountain biking for those looking for a bit more adventure. The following are only a small selection of the almost unlimited possibilities. Depending on the season, we can offer a variety of other interesting ideas. We can arrange most of the excursions, hikes, culinary surprises or cabin snack stops for you ourselves. If special equipment is needed, we have outdoor and team-building experts on hand to arrange everything you need.

HIKING PARADISE

Tonbach is the starting point for numerous beautiful hiking trails. A hike in and around Tonbachtal will take you through vast forests, passing sparse peaks and deep cirque lakes. And if the fragrant Black Forest air has whetted your appetite, we can arrange a rustic picnic for you at one of the numerous forest clearings.

- Picnic in a forest cabin (e.g. Wiedenberg cabin) or forest clearing
- Hiking guide

Season: year-round

DISCOVER THE BLACK FOREST

Explore the most beautiful nature trails of our beautiful landscape by mountain bike, e-bike or Nordic walking. Past gurgling brooks and lush meadows, our experienced guides will show you the most beautiful paths and best viewpoints. On request, we can also organize a snack stop or rustic picnic on the way. Or explore the Black Forest in a romantic covered wagon or vintage car.

MOUNTAIN BIKE TOUR

We'll take you on the most beautiful routes through the beautiful Black Forest.

We will be happy to plan the route with you individually (length, duration, altitude etc.).

- For any group size
- Accompanied by an experienced mountain bike guide, per hour

E-BIKE TOUR

Comfortable, fast and elegant – Kalkhoff e-bikes perfectly combine riding fun with speed and convenience. As soon as you start pedaling, the powerful but discreet electric motors of the pedelec models kick into action, allowing you to tackle routes that you would otherwise use a car for. It is hardly surprising, then, that pedelec riders ride two to three times more than normal cyclists. Enjoy the simple pleasure of cycling without unnecessary effort.

- For any group size
- Accompanied by an experienced guide

SNOWSHOEING

The Black Forest is the perfect place to go snowshoeing in winter. Roam through forests and meadows and experience firsthand the winter wonderland that is the northern Black Forest. Under professional guidance, you will learn the right technique and be accompanied on your snowshoe hike.

- For maximum group size of 8, accompanied by an experienced guide
- Equipment can be hired from our partner
- Multiple groups can be arranged, if required.
- Recommended duration: 1.5 hours

TAKE IT EASY

In a romantic covered wagon or horse-drawn carriage led by two Black Forest horses, coachman Bernd Wanke will guide you through the beautiful Tonbachtal, where you will learn many interesting facts about its unique history. Afterwards, if desired, you can call into a log cabin for a hearty snack.

Carriage rides are also offered in winter.

- 11 people max for carriage ride

HISTORICAL VISIT TO FREUDENSTADT

www.freudenstadt.de

Distance from Traube Tonbach: 12 km, travel time approx. 15 minutes

The center of Freudenstadt is a 5 hectare square market place, which is bordered on all sides by 200-meter-long arcades. Duke Friedrich I. of Württemberg founded the town in 1599 to house Protestants expelled from Austria. They worked in the nearby mine at Christophstal, where silver was mined until 1750. Duke Friedrich's Grand Master of the Court and State Master Builder, Heinrich Schickhardt, designed Freudenstadt from scratch: a square market square around which the residential areas aligned in rows like a chessboard. The town church stands on the lower market square. It is curiously positioned at right angles; otherwise it would not have fit into the plan. Actors dressed as Duke Friedrich or master builder Schickhardt guide the visitors through Freudenstadt, leaving a lasting memory of the city tour.
